

Confession of Faith for New Covenant Ministries' New Facility

Father, in the name of Jesus we thank You that this new facility will support the vision that You have imparted to our Pastors of 3000 people. We thank You that it will enable us to achieve our purpose at New Covenant Ministries to present God accurately and make disciples for Jesus by exalting God; equipping Christians for ministry; evangelizing the world and encouraging Christians to become spiritually mature.

We believe that we receive the vision that You have for this new facility. We also believe that we shall expand our thinking so that we do not limit Your plans. We thank You Father that You have gone before us to prepare Your new facility. We believe that as we follow Your plan, nothing in this world will be able to stop it.

Thank You Lord that this new facility will bring You glory and honour. We believe that it will be so significant that it will astonish the world. Thank You that we will have all of the financial resources to establish this new facility and then have more left over. We believe that we shall have favour with everyone involved: owners, builders, Government officials and the Christian community. We believe that this new facility will be a rallying point for the congregation of New Covenant Ministries. Finished, Furnished, Full and Free! Angels, we charge you to go forth and bring this to pass now in Jesus' name, amen!

Scriptures to stand on:

- Habakkuk 2:3
- Mark 9:23
- John 14:2
- Matthew 16:18
- Matthew 7:28
- Joel 2:24
- Philippians 4:6
- Philippians 1:6

New Facility Prophecies

Ron Kussmaul

"You can put your faith on something else now, the building is already yours."

– Delivered by Ron Kussmaul to Pastor Gary Hooper at the January 2007 Minister's Conference at Eagle Mountain Church.

Mylon LeFevre

In the midst of a conversation about other things, Mylon stopped mid-sentence and said, "I'm getting this by the Spirit . . . *There's a businessman in Halifax/Dartmouth right now who is constructing a new building. He thinks he's building it for himself but he's not. It will cost more than he reckoned on and he will have to sell it. He's going to sell it to you at a ridiculously low price.* Praise God! That was by the Spirit."

– Prophecy given by Mylon LeFevre to Eileen Richardson on May 29, 2007.

Jerry Savelle

In the name of Jesus, Pastor, the Bible says that God for covenant people will give them vineyards they did not plant, give them houses they did not build. God's already got a place. It was built for some other purpose but God had it in mind for this Church. And the next level is gonna even surprise you. God is saying no limits, no limits. It's already out there, already for you, and God is working behind the scenes right now arranging for it to come into your hands. Hallelujah. Come on let's thank God for that. Amen! Praise God! Praise God! Hallelujah! Thank you, Lord. Thank you, Lord.

– Delivered by Dr. Jerry Savelle at New Covenant Ministries on October 18, 2007.

Mylon LeFevre

I believe God's going to do something in this church. Because time is short, I believe that God is going to do something that is unconventional. I believe that when it comes to the next level, that because time is short, God is going to do some things that are astonishing and astounding.

I think God's going to do a quick work. I believe what He wants to do here is not just for this congregation or even just for this city, but I think it's for this nation. I think He's going to do a quick work. I think it's going to be unconventional and I think He's going to give you everything you need quickly to grow exponentially. Not just ten, or a family, or three at a time, but I think something is about to happen that because these are perilous times and because these are end times, I believe that God is going to do something so that this church can grow supernaturally, with supernatural increase and supernatural finances. I believe that therefore, television, internet and the ways God has to communicate, I believe God is going to do something here that is going to get the attention of the unchurched, the unsaved and of the religiously asleep. Amen? I believe it's going to be so interesting that secular newspapers are going to cover it when it happens and secular TV stations are going to have no choice but to come and see what the Lord has done. You're going to be able to see it, it's going to be tangible. Glory to God. I can't wait to preach in that situation! Hallelujah!

– Delivered by Mylon LeFevre to the Congregation at New Covenant Ministries on Sunday, September 28, 2008.
